Competition notice for admission to the “*Specialization School in Architectural Heritage and Landscape*” for the academic year 2018/2019 at Politecnico di Bari – Department ICAR.

Art.1

Establishment and subject of the Selection Call

The public competition, based on qualifications and examinations and opened to Italian and foreign citizens, is announced for admission to the “*Specialization School in Architectural Heritage and Landscape*” for the academic year 2018/2019 at Politecnico di Bari – Department ICAR.

The maximum number of candidates eligible for the 1st Year is n. 30, n. 2 of which can be foreign candidates from non-EU Countries.

The different rules of participation in the competition and the completion of the related call procedure for non-EU foreign candidates are explained by Article 5 of this Call.

The Course will start on January 2019.

The duration of the study program is 2 academic years and requires the acquisition of total 120 CFU.

Art. 2

Purpose of the Specialization School

The School aims to train specialists with a specific high professional profile in the field of study, protection, restoration, management and enhancement of architectural and landscape cultural heritage, in its broadest sense.

The “*Specialization School in Architectural Heritage and Landscape*” at Politecnico di Bari is divided into 3 different curricula, on the base of the specific knowledge held by Department ICAR:

- a. Curriculum in History and restoration of ancient architecture;
- b. Curriculum in Restoration of stone architecture;
- c. Curriculum in Landscape Analysis and Restoration.

Art. 3

Requirements for participation

The participation application to the “*Specialization School in Architectural Heritage and Landscape*” can be submitted by candidates who hold one of the following degree:

- Degree awarded by the education system prior to the Italian Ministerial Decree dated November 3, 1999 n. 509 in
 - Architecture;
- 2nd cycle two years degree (*laurea specialistica*) obtained under the Ministerial Decree 3.11.1999 n. 509, or 2nd cycle two years degree (*laurea magistrale*) obtained under the Ministerial Decree 22.10.2004 n. 270 in
 - Architecture and Civil Engineering (classe S/4)
 - Architecture and Construction Engineering-Architecture (classe LM-4)

In addition, after evaluation by the School of personal curricula, to identify any educational debits, it is possible to admit candidates with a second level degree in the following classes:

- Archaeology (classe 2/S) (classe LM-2);
- Preservation of architectural and environmental heritage (classe 10/S) (classe LM-10);
- Preservation and restoration of the historical and artistic heritage (classe 12/S);

- Preservation and restoration of cultural heritage (classe LM-11);
- History of Art (classe 95/S) (classe LM-89).

In addition, it is possible to admit for the selection candidates with degree titles of the previous education system assimilated to those of the new education system indicated as a requirement of admission according to what established by the table of equivalence issued with D.I. May 5, 2004, without prejudice to the specific curricula requirements above mentioned and Italian and foreign citizens with academic qualification obtained abroad (i.e. II Level Degree: Master's Degree, Master of Science/Art, other.)

Candidates already in the possession of the certification of equivalence of the qualification awarded by an Italian university must attach the related self-certification to the application for admission to the competition (provision number etc...)

In case of academic qualification obtained abroad that has not been recognized equivalent to degrees, the suitability will be assessed by the Selection Committees on the base of the current national legislation and the legislation of the Country in which the academic qualification has been awarded and on the base of treaty and international agreements as regards the recognition of title for further education.

For the purpose of this recognition, candidate must attach to the online application any other document suitable to prove the required equivalence of the academic qualification.

The admission of all candidates is subject to confirmation as regards the assessment of the requirements for participation that Politecnico di Bari can verify in any moment and even after the study program has already started, according to art. 43 of T.U. n. 445/2000. At any time, candidates can be excluded with reasoned provision.

Art. 7

Qualifications assessment and exams

Without prejudice to the provisions of article 5, the competition for admission to the Specialisation school in architectural and landscape heritage is for qualifications and Examinations.

Candidates who, in relation to the number of positions available and in a useful position in the ranking list, are allowed to attend the School. In case of scoring parity precedence will be given to the youngest candidate.

Access to the admission exam is subject to the submission of a certificate of knowledge of a foreign language: English, French, German, modern Greek; alternatively it is possible to pass an oral exam allowing the verification the knowledge of one of the foreign languages allowed. For the purposes of the ranking issue, the Board of Examiners has at its disposal 100 points for each candidate, 30 of them for the qualifications assessment, 35 for the evaluation of the written exam and 35 for the evaluation of the Oral exam.

The admission exam consists of:

- a written exam concerning History of ancient Architecture and Architectural restoration and Landscape.
- an oral exam on the main issues related to the three curricula activated by the School

The qualifications assessment shall be carried out before the written exam and shall be known before the correction thereof, in accordance with the following predetermined Criteria:

A) thesis in subjects related to historical-archaeological or restoration topics: from 0 up to 8 points;

B) Graduation mark: 3 for a score from 105 to 109; 5 for full Absolute marks; 7 for full absolute marks with praise;

C) Scientific publications in matters considered by the Board of Examiners, relevant to specialisation: from 0 to 20 points;

D) participation in archaeological excavation missions, surveying and study of monuments: from 0 to 15 points;

E) other qualifications considered, by the Board of Examiners, relevant to specialisation (documented experiences of restoration, cataloguing of cultural heritage; attendance certificates at master classes or related masters, attested knowledge of further foreign languages than those foreseen in the competition access requirements, etc.): from 0 to 10 Points.

Candidates obtaining the qualifications assessment at least 18 points out of 30 are admitted to the written exam. Candidates obtaining the evaluation of the written exam at least 21 points on 35 are admitted to the oral exam. Candidates obtaining the evaluation of oral exam at least 21 points on 35 are Eligible.

The final ranking will be drawn up according to the sum of the scores individually obtained in the qualifications assessment and in the respective written and oral exams. In any case, candidates who do not receive disclosure of exclusion shall be required to present themselves on the day, in the hour and at the venue of the examination exam.

The absence of the candidate for one of the exams will be considered as a renouncement of the competition, whatever the cause may be.

Applicants will be eligible to attend the exam bearing the same i.d. included in the online application.

During the exams, applicants, on penalty of exclusion, must use only a black ink pen, they will not be able to hold bags or backpacks, nor will they be able to use writing paper, notes, books or publications of any species, Electronic equipment or computer tools and cellular telephones, nor will they be able to communicate with each other verbally or in writing, or relate to others, except with the supervisors or with the members of the Board of Examiners. The candidate not respecting the preceding provisions shall be immediately excluded from the competition by the Commission. The non-exclusion at the time of the exam does not preclude that it may be disposed at a later stage. The Board of Examiners shall ensure compliance with the above provisions and shall take all necessary measures.

Art. 8

Board of Examiners

The Board of Examiners, appointed by Rector's Decree after the deadline of submission of the application, is made up of the Director of the School and four tenured professors, and their deputies, appointed by the Council of the School.

Art. 9

Publication of the results and fulfilments for the enrolment

After the competition and all the formalities are completed, the official ranking (R.D. Approval) will be published on the on-line Official bulletin-board of Politecnico di Bari ([www.poliba.it/Bandi e Concorsi/Albo Ufficiale on-line](http://www.poliba.it/Bandi_e_Concorsi/Albo_Ufficiale_on-line)) as well as in the special section of the Specialization School, to the path: didattica > offerta formativa > specializzazione, and it will have official notification value.

Candidates admitted to the school must send to the Rector of Politecnico di Bari, Post-Lauream Office: Application for registration at the Specialization School, together with the prescribed documentation, following the instructions that will be provided, immediately after publication of the ranking referred to in paragraph 1, and published in the special section of the Specialization School, to the didactic path > training offer > Specialization, with official notification value.

After verifying the regularity of the documentation and after the necessary verifications, the university will pre-enrol the winners of the competition, on a web platform in ESSE3, giving notice to them, and the Pre-enrolment will allow access to the course.

The enrolment will be concluded after the payment -in the prescribed time- of the taxes, stamp and contributions referred to the following art. 10, using the appropriate procedure of the online payment system Pagopa.

As a result of any funding obtained from public and private bodies, scholarships could be allocated to the students admitted to the school, according to the ranking list approved and to the sums allocated.

Art. 10

Fees and contributions.

Fees and contributions for enrolment in the school are set at €1500.00 annually.

All students are also obliged to pay the annual stamp, amounting to EUR 16.00, and the regional tax for the right to study (Adisu/Politecnico), amounting to 160 euros.

The total amount due for tuition fees and contributions of each year shall be paid in two half-yearly instalments: The first at the time of enrolment, the second by the following 30th June.

Art. 11

Formality of renouncement after the enrolment.

Students who, after the enrolment, decide to interrupt their studies at the school must go to the Post-graduate office and submit a written declaration, with € 16.00 official stamp, addressed to the Rector. The renouncement can be made at any time. Students renouncing to continue their studies are not entitled to tax reimbursement and contributions already paid.

Art. 12

Prohibition of simultaneous enrolment

The attendance of the school of specialization is not compatible with the participation to other courses of study of any order and degree.

The attendance of other courses of study, such as the PhD course, involves the suspension of the school of specialization for the duration of the relative course.

Art. 13

Calendar of the activities and final exam

The attendance of school activities is mandatory; the student is obliged to follow all the lessons and tests of each course and of the activities envisaged. Attendance verification will have to certify an annual participation of not less than 75% for each teaching course.

The final exam is aimed to ensure the proper preparation of the students enrolled in the courses of study to obtain the relative educational credits.

In order to pass the exams or other forms of verification to acquire the relative educational credits the student must have obtained, in the course of study to which it is enrolled, the certificates of attendance and also to be in compliance with the payment of the taxes and the Contributions due.

The school makes known to the students enrolled, the calendar of the exams at the beginning of the didactic activity, providing an exam at the end of each didactic period in which the academic year is articulated.

The final exam commission is made up of course teachers or, in the case of integrated courses, by the teachers responsible for the training activities.

The results obtained in any internships or placements will be assessed by the teacher or by the teachers responsible for the same internships.

Those who do not pass all compulsory basic examinations of their course cannot be admitted to the following year and must repeat the year. The student may not enrol more than twice to the same year. At the end of the two years and for the achievement of the Degree of specialization, the student will have to write an individual thesis on a theme agreed with the school council and under the supervision of a teacher of the school who will be the Thesis Supervisor. The thesis will be defended in front of a commission of 7 teachers of the school and will report a vote in seventeenths. The examination is intended to be passed by a minimum vote not less than 6/10 of the maximum vote expressed by the Commission.

Art. 14

Publicity

This Call is published in the official noticeboard of Politecnico di Bari ([www.poliba.it/Bandi e Concorsi/](http://www.poliba.it/Bandi_e_Concorsi/) Albo Ufficiale on -line), in the Department website (at Research/Departments, School: Didattica/ Offerta Formativa/Specializzazione) and on the Specialization School website (www.specializzazionepoliba.it).

All subsequent documents linked to it will be made public by official publication in the official noticeboard of Politecnico di Bari, with official notification value for all the interested parties.

Art. 15

Personal data processing

For the purposes of Law no 675/96, the confidential nature of the information provided by each candidate shall be respected. All the data provided will be processed only for the connected and instrumental purposes to the competition and, for the winners, for the purposes related to the School activities, in compliance with the current provisions of the RGDP Regulation UE2016/679. In any case, participation to the competition implies, respecting the principles laid down in the aforementioned law, an expression of tacit consent that the personal data of the candidates and those relating to the insolvency tests are published on the site/portal of the University. Under the law of 7 August 1990, no 241 and of the DPR of 12 April 2006, no 184 and S.M.I. the right of access to the competition documents is guaranteed to anyone who has a legally relevant interest in, to be practiced in the

legal terms, and therefore the competition documentation submitted may be subject to access by other Applicants.
